Fact Sheet

Kodak

Product:
KODAK DL2100 Duplex Printer

Announcement Date:
January 31, 2008

Launch/Initial Shipments:
Summer, 2008

Value proposition:
The KODAK DL2100 Duplex Printer is an on-site electro-photographic printer optimized for use with the KODAK Adaptive Picture Exchange (APEX) and KODAK Picture Kiosks that lets retailers participate in the $16B greeting card and photo book categories and significantly grow their business. It provides the option for photo gifts in-store while the customer waits or for pick-up (later) and is priced to generate pay back in less than one year.

Key Features:
- Prints up to 13 duplex pages per minute - most photo books will print in less than 3 minutes
- Enables duplex printing of Kodak 148 gsm – 216 gsm papers and card stocks
- Orders entered utilizing our award-winning and easy-to-use Kiosk workflow software
- Provide Kodak quality output using Kodak Perfect Touch Technology
- Installable into an APEX back lab system or directly into a KODAK Picture Kiosk Order Station
- Designed to take advantage of future 3rd party branded content to enhance profit potential
- Uses LED technology with a Light Emitting Diode print head as a light source within the imaging device. Unlike laser systems, the LED print head is solid-state and has no complicated rotating mirrors.
- Printer has Advanced Unit Replacement serviceability (varies by region)

Contents:
- DL2100 Printer with duplexer
- 4-color toner set
- Second paper input tray
- USB cable
- Power cord (US and EAMER)
- Kiosk enablement CD
- User manuals

Target Audience:
- Retailers that want to offer additional value added service by offering on-site duplex photo gifts for their customers – while they wait or for later pick up.

Consumer Products:
- Creates 8 ½ x 11 inch / A4 size two sided photo books - up to 30 pages
- Creates 8 ½ x 11 inch / A4 size calendars with writeable media
- Creates folded 5x7 inch greeting cards in landscape or portrait formats with customizable images, graphics and using writeable media

Specifications:

| Item	Specification*
Printer	KODAK DL2100 Duplex Printer: Single Pass LED, 1200x600 dpi, Electro-photographic Printer
Processing	500Mhz, 64 bit, 256 MB memory
Print Times	First color print in 11 seconds. Up to 13 duplex sheets per minute
Media	148 gsm 8 ½ x 11 inch & A4 Coated Paper, Packs of 250 Sheets
	216 gsm 7x10 inch Coated Card Stock, Pre-Scored, Packs of 250 Sheets
Toner	Separate Toner: Cyan, Magenta, Yellow and Black ~ 1,300 pages/cartridge
	Separate Imaging Drum: Cyan, Magenta, Yellow and Black ~ 20,000 pages per drum (sold separately)
Size (WxDxH)	17.1x24.3x19.4" (43.5x61.8x49.3 cm)
Weight	Approx.74 lb. (33.5 kg)
Power Consumption	Separate models: 120 VAC or 230 VAC - Energy Star Compliant

*Preliminary - subject to change

Back:	60.00 cm (23.62 in.)
Top:	70.00 cm (27.56 in.)

Power Requirements

The PRINTER has an auto-detecting power supply.

Voltage	Power Consumption	Frequency
100 V AC ± 10 %	• Normal: 530 W depending on operating environment • Maximum: 1200 W • Standby: 100 W • Power save: Less than 17 W	50 / 60 Hz ± 2 Hz

Environment Requirements

⚠ **Important**

Do not install the PRINTER in direct sunlight.

Ambient Operating Temperature: 10 – 32°C (50 – 90°F)
Relative Humidity: 20 – 80% non-condensing

Requirements for Storing the Consumables

Consumables	Specification
Toner Cartridge	• -10 – 43°C (14 – 109°F) • 10 – 90% (non-condensing) relative humidity
Paper	• -5 – 30°C (40 – 85°F) • 20 – 70% (non-condensing) relative humidity • Do not store in direct sunlight
