

DS820A™

**FROM CLASSIC PORTRAIT PRINTS TO
STUNNING 8"X32" PANORAMIC PRINTS!**

DS820A™

Multiple Panoramic Sizes:
8x32", 8x26", 8x18", & More!

Expand your business with the DS820A -- it's more than a portrait printer!

Profitable

The DS820A is a low investment, yet high-yield asset that offers photo professionals the ability to print an array of sizes from 4x8 to 8x12 and panoramic at competitive media prices. Due to the simple dye-sublimation transfer method and roll-fed design, the printer can be operated for extended periods with no downtime.

Reliable

Equipped with improved heat dissipation for higher throughput and standby mode for decreased energy consumption, as well as a **3-year Advance Exchange (AE) Extended Warranty**—an end user support program*. The DS820A can easily be shipped or transported to any event and saves valuable workspace and can be stacked for high volume printing locations.

Multiple Formats

Offering a choice of high or standard density and high speed or high quality resolution, the DS820A prints from 4x8" to stunning **8x32" panoramic photos**. There's no other printer in this class that can match the performance and quality of the DS820A.

High Quality

The latest generation of print technology means image quality you can count on. The DS820A offers watermarked media on the back. The roll design allows for large amounts of media to be stored on a single roll of paper – the DS820A can print 130 8x10" photos before a new roll is required.
