5 Series HiTi Photo Printer

▶ A Small Photo Kiosk, That's Big Inside

Compact and All-in-One Design

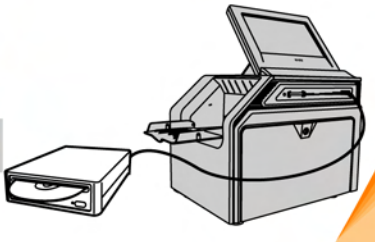
HiTi P510K is the world first mini photo kiosk with less than 20kg, and is integrated with 10.2-inch TFT LCD touch screen, industrial computer system, media card slots, 6-inch roll-type printer, user-friendly workflow menu as well as powerful backstage management system to be designed within one product. HiTi P510K gives you the All-in-One solution for a perfect photofinishing station that you can possible get in the market.

Elegant and Stylish Appearance

With the world leading architecture structure design, HiTi P510K can easily capture everyone's attention with its elegant, stylish outlook taste and friendly user interface menu.

Full Connectivity

HiTi P510K supports various memory card types, USB storage devices, Bluetooth compatible connection, and also comes equipped with an external DVD/CD reader, which enable customers to print photos from their own storage equipment, wireless compatible device and DVD/CD media*.



* External USB DVD/CD reader is compatible with P510K, but it's not the standard equipment of package contents.

External Printer Connectivity

Through an USB cable, HiTi P510K can be connected to an external printer, and make it as a slave printer*. With this function, it allows users to print photos in various sizes without constantly changing the consumables. HiTi P510S, P510Si and P720L are compatible models as the slave printer, which function can be enabled simply by setting up the backstage system.

* Only one external printer can be connected with HiTi P510K at the same time.

HiTi P510K Mini Photo Kiosk

▶Diverse Printing Service

Variety of Photofinishing Layouts

HiTi P510K Photo Kiosk offers users the versatility of printing layout to satisfy requests for different digital imaging service, including standard photos, passport/ID photos, e-frame photos, collage prints and photo index.

Diverse Print Sizes

HiTi P510K allows most diversity in print sizes, including 4"x6", 5"x7", 6"x8" and 6"x9".

Prime Quality in Matte Finish*

Apart from glossy photos, HiTi P510S is capable of matte finish. No media change required!

* For current HiTi 5 series' users, the latest firmware and driver should be updated to the printer before starting.

▶Your Smart Investment for Photo Kiosk

Perfect Kiosk Solution for Every Photofinishing Environment

HiTi P510K provides the world smallest 6-inch roll-type D2T2 photo kiosk in the market which is perfect for photo studios, chain stores, hotels, or entertainment places. HiTi P510K is running with low operational cost that can quickly turn your investment into valuable margins. It is the ideal money machine for mid-sized in-store business.

Saving Space for In-Store Business

HiTi P510K is compact and stylish design, making it perfect suitable for any retail environment. You can create your own in-store business just from a small space.

Easy to Start Your Photo Business

Designed for hassle free in-store business, you can unpack HiTi P510K and start your photo business right away.

Complete and User-Friendly Workflow

Standalone Operation on Touch Screen

Utilizing a graphic user interface on a 10.2-inch TFT LCD touch screen, P510K allows the user to edit photos, add text and print the collage photo easily.

Intuitive User Interface Design

HiTi P510K delivers the truly user friendly GUI (Graphic User Interface) for easy-to-use operation.

Diverse Operation Modes

HiTi P510K provides various operation modes to satisfy diverse printing request. For the operation of Kiosk, Kiosk Mode and Instant Mode can be set up on backstage for customer self-service or shop owner control. In the Event Mode, there are two customized layout options of e-frame and passport/ID provided for users to print a large quantity of photos in the easiest way.

Backstage Management

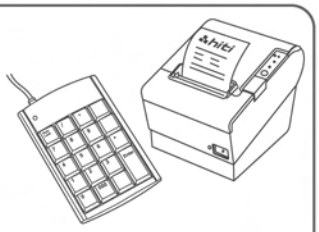
HiTi P510K offers the complete backstage management functions, such as selling price setting, color adjustment and administration authority, enabling owners to set up the kiosk in an easiest way.

Customized Photo E-Frame

P510K enables the business owners freely to add the customized photo e-frame from the backstage system to provide the value-added holiday or event prints for customers.

Payment Solutions

According to the shop environment, HiTi P510K provides various payment solutions for shop owners to manage how the customers pay for their prints.



Receipt Printer Support

HiTi P510K is compatible with ESC/POS commands and can optionally be connected with the receipt printer.

* P510K supports only limited external payment solution devices, please refer to HiTi website for further details.
** External device is not a standard equipment of package contents.

Global Recognition & World Leading Output Quality

TIPA Award 2010: Best Photo Kiosk

HiTi P510K wins TIPA Award 2010 of Best Photo Kiosk, being recognized for its concept to provide photographers a smallest integrated roll-type dye-sub mini photo kiosk.

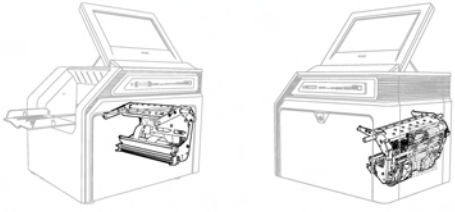
Powered by HiTi Color

With HiTi Color Technology inside, HiTi is the preferred brand of photo printers by many photo and imaging professions as well as enthusiasts around the world.

Durable and Convenient Design

Improved Dust-Proof Housing

The Thermal Printing Head of the P510K photo kiosk is protected by an integrated dust cover, efficiently reducing contamination.



Lower Power Consumption

HiTi P510K delivers industry-leading performance and consumes less power. The total power consumption of HiTi P510K is about 350W, and it runs at less than 40W in as printer is idling.

Easy Replacement for Consumables

The front loading design of the HiTi P510K photo kiosk allows for easy access to the ribbon and paper roll resulting in easy and efficient maintenance procedures.
